FORGIVENESS
Forgiveness means that if someone hurts you, you are prepared to give the person another chance.

Everyone makes mistakes. Sometimes we do things that we wish we had not done; that is, we need to learn to forgive ourselves. We need to know that we can change our behaviour if that situation occurs again. Forgiveness means that you don’t retaliate or seek revenge even when you feel that you have just cause to do so.

ROAD WISE
Walking to School
Traffic congestion around schools can often rival any shopping centre. Why not try walking to school with your children. Why not dedicate one day per week to begin with. Walking to school has enormous health benefits as well as reducing congestion around the school.
