

## Tanya Hunter - Registrar

I started my career in Educational Administration 18 years ago in Karratha. I have worked in collaboration with Principals in both secondary and primary schools in the country and metropolitan areas, with a year spent in Central Office as a support officer. I have had the pleasure of opening a new primary school and being business manager at a secondary college when going through the process of becoming one of the first schools to move to Independent Public School status. I thoroughly enjoy the changing environment that we are currently going through in education and I embrace both collaboration and innovation, both of which I believe are very important to build a school community and for excellence in the classroom. On a personal note, I have been married for 28 years and have 4 successful adult sons.
