

# Crackling Coral Bay

Have you ever wanted to explore a majestic land full of delicious delicacies? swim with snappers and camp under twinkling stars? Why not drive or fly and start your adventure at Crackling Coral Bay!?!

The majestic land of Coral Bay is filled with small restaurants. Coral Resort is a 4 and a half star rating bakery with all sorts of pastries to taste! If you're going out for dinner, try Bill's Tavern which is 4 star rating, they have delicious burgers, prawns served in a bucket/pail with a slice of lemon and other scrumptious meals. For breakfast, why not try Fins café and have a 4 star bacon and egg toast with coffee or other meals with various types of drinks.

In addition to the food, you must check out the crystal clear waters. If you're not such a brave person, you could relax in the shallow water near the beach or sunbathe on the smooth shore. However, if you want to see various ranges of fish, snorkel in the deep reef. If you want to see beautiful rainbow fish such as a Parrot fish, go to Purdy Point and discover the enchanted fish that await there. You could snorkel in any reef, or if you want to stay dry take a paddle board, kayak or a Kano with you and paddle your way through the water. If you want to be close to fish, you could feed fish by throwing fish food in the water or hand feed them, you could also swim with Whale Sharks if you're brave enough!

If you're not a fan of the ocean, you could take a dip in the pool next to the end/back camping area and have no sea life to worry about! Take an adventurous approach and camp instead of renting a house. You could sleep under stars and see the shapes they make and bring your dog if you have one to keep you company! Bring your own snacks and food so you can cook them on a barbecue, or else you could just go to a café.

Drive, fly anyway, come and stay at Coral Bay!
