

The Great Adventure

It was a very snowy winter they were having at Snowfall Castle. Princess Stella was sitting by the fire with her animal friends. She was the kindest and most loving person you could ever meet. She always wore a beautiful icy blue dress that sparkled like crystals.

One of her animal friends was a snowy owl and the other was a polar bear. The owl's name was Abby and the polar bear's name was Elsie.

Suddenly, Stella got a phone call and she answered it. It was the people from the village. They were screaming, "Hurry, come save us! Lucia is attacking The Little Village." Stella rushed to the village as fast as she could. However, by the time she arrived, Lucia had vanished. It was so sad because Lucia was Stella's twin sister. They used to play and dance together until one day Lucia went to go shopping and she never came back. She turned evil.

Now she lives in the Winter Forest where her castle lies. Its name is Misty Castle. Lucia has heaps and heaps of servants, who are bats, snakes, witches and spiders. Every dark eclipse she comes out and gets even more servants. Lucia strikes at 12 AM when everybody is asleep.

Princess Stella is the next ruler but Lucia is older by 5 seconds. She decided to lead an evil life so she ran away.

Stella and her animal friends set off on their big adventure to track down Lucia in the forest. They mounted Ella, Stella's pet flying horse, and flew their way to Misty Castle. When they got there, the castle was surrounded by goblins. Luckily, they found an open window and climbed in. Next they went to the throne room and locked the palace down. Lucia was locked inside and it turned out she was controlling all her servants.

Stella and her friends freed the servants and returned to Snowfall Castle. They had a big party to celebrate.
