

Louisa Steel

At the beginning of the year my family and I moved from New Zealand, where I gained extensive Board experience. I was a member of the Kidsfirst Kindergarten Board for 4 years before taking on the role of Board Chair for a year. Kidsfirst Kindergartens is a not for profit organisation with over 70 kindergartens throughout the South Island of New Zealand, the largest Kindergarten Association there, and the second largest in New Zealand. I was also Board Chair for a year at the local school attended by my children.

I have a background in marketing and PR working in various senior roles for a number of large UK financial institutions before having children. I currently work for an international real estate firm focusing on raising the profile of the company and lead generation. I am mum to 3 children, 2 of whom are at Mount Pleasant Primary School.

I am looking forward to being a part of the MPPS Board, working with my fellow members and being part of this wonderful whole school community.
